PLOW PERMIT REVIEW

The board discussed the Snowplow Permit Process and how it is written in the Village Code, specifically who is supposed to enforce the code and ensure that private snowplow operators have registered with the village and received their permit to operate.

Trustee Ashby inquired as to why the village requires snowplow operators to have a permit to do business in the village.

Mayor Olson explained that the law was created to mitigate damage that is caused by the snowplow drivers and have a register of who is doing work in the village.

After reviewing the code, the board agreed that it is the responsibility of the DPW Superintendent to enforce the law and that the Village Clerk shall issue permits. If a person is in violation of the code the DPW Superintendent will ask the Village Board of Trustees to revoke their permit.

DPW UPDATE

Trustee Kinsella would like to have the DPW get out early on Christmas Eve, if they are able to get the trash and recycling routes done early and there is not a snow event.

ACADEMY STREET PARKING

FIRE DEPARTMENT-CODE REVIEW

Chief Hildreth talked to the board about the Village Code as it relates to inspections of rental property. The Village Code refers to a Rental Law but the law was never adopted and the way

that the code is written would require the Fire Department to do about 500 inspections annually. Chief Hildreth said that we do not currently do them and they do not have enough staff or time to complete that many inspections.

Mayor Olson asked Chief Hildreth to give a copy of his proposed changes to Attorney Spencer for his review.

TOWN OF MANLIUS FIRE CONTRACT

Trustee Small made a motion to authorize Mayor Olson to sign the 2020 Fire and EMS Contract between the Village of Fayetteville and the Town of Manlius with approval of counsel. Trustee Duggleby seconded the motion and it was carried by unanimous vote.

ROUNDTABLE

Attorney Spencer informed the board that the appraiser for 103-105 Feeder Street received the Asbestos Survey and there was asbestos found so there will be abatement costs associated with the removal of the dwellings. Attorney Spencer asked the board for approval to contact a company to give a quote for asbestos abatement and also permission to contact the property owner, Charles Welch, to discuss the findings.

Trustee Duggleby made a motion to authorize Attorney Spencer to move forward with the Asbestos Survey and contact the property owner, Charles Welch, and also get quotes for asbestos abatement. Trustee Ashby seconded the motion and it was carried by unanimous vote.

Chief Hildreth commented on the lit cross walks at Shady Lane and Route 5 and would like to see all the crosswalks in the village lit up the same way.

Mayor Olson asked the Trustees to submit their newsletter articles at the next board meeting.

Mayor Olson informed the board that he had a meeting with Marty Shaheen, Onondaga County Community Development, to discuss the Main Street Grants in the amount of \$300,000 being offered by the County. Mayor Olson talked to Ken Knutsen, Barton & Loguidice, to discuss some possible ideas for the grant, such as finishing the North Side of Route 5 in the Western Gateway and the stone signs in Limestone Plaza and the Business District.

Mayor Olson had a meeting with the Veterans, who use the Village Board Room each month for their meetings, and they asked if the village would allow them to hang some photos and memorabilia on the wall in the board room.

The board agreed with the Veterans' request and it was suggested to move the painting of Grover Cleveland's House and allow them to use that wall.

Mayor Olson would like to do something special to commemorate the Village's 175th Anniversary. Mayor Olson is considering a time capsule and would like the board to think about what we be good to put in a capsule.

Mayor Olson would like to have only one meeting in December on the 16th.

Trustee Kinsella made a motion to hold one meeting for the month of December and to hold it on December 16th on or around 7:00PM. Trustee Small seconded the motion and it was carried by unanimous vote.
